

IRONCLAD® LINEAR PRO

The Ironclad® Linear Pro fixture is designed to withstand abuse and drastically delay tampering, removal, or damaging of a light fixture within a prison. The unique design completely eliminates the metal housing in current style fixtures which can be used to make weapons. The fixture uses a specially engineered 0.5" thick steel frame and proprietary 0.5" thick cast low profile lens. There are no areas to hide contraband or open the fixture. The optional count/night light LED module can be turned on and off as needed depending on the application of the area being used.

Specifications:

- **Lumens:** 3800, 4400, 8500, Count/Night Light: 830 lm
- **Watts:** 40W, 80W
- **Voltage:** 120-277 VAC
- **LED Life:** L70>75,000 Hours; Projected>100,000 Hours
- **Lens:** Highly impact-resistant 1/2" thick urethane with a minimum IK10 impact rating
- **Footcandles:** 60 fc at desk level, 30 fc on the floor w/MH 9 ft
- **Installation:** Anchored flush onto ceiling with (8) spike anchors or optional recessed tamper-proof 1/4" stainless steel bolts or cinder block fasteners
- **Dimensions:** 25.8" long x 8.1" wide x 1.8" tall
- **Color Temperatures:** 5000K, 4000K, Count/Night Light: 2700K
- **Features:** No accessible parts or hinges, no maintenance needed, extreme durability, no areas to hide or conceal contraband.
- **Warranty:** 5-year limited warranty.
